

TRIS Trans Radial Interventions 2010

ROMA December 2 - 3

Congress Venue

Catholic University of the Sacred Heart
"A. Gemelli" University Hospital
Largo Agostino Gemelli, 8

Società Italiana
di Cardiologia Interventiva

SCIENTIFIC DIRECTORS

Carlo Trani
Francesco Burzotta

HONOUR FACULTY

Filippo Crea
Giovanni Schiavoni

INTERNATIONAL GUEST FACULTY

Adrian Banning
Giancarlo Biamino
Philippe Commeau
Augusto Gallina
Robert Gallino
Martial Hamon
Ferdinand Kiemeneij
Yves Louvard
Giovanni Pedrazzini

ITALIAN GUEST FACULTY

Fausto Castriota
Mauro De Benedictis
Maria De Vita
Giuseppe Ferrante
Alfredo R. Galassi
Mario Galli
Giulio Guagliumi
Ugo Limbruno
Francesco Prati
Christian Pristipino
Bernhard Reimers

Stefano Rigattieri
Enrico Romagnoli
Gennaro Sardella
Alessandro Sciahbasi
Francesco Summaria
Fabio Tarantino
Fabrizio Tomai
Orazio Valsecchi
Ferdinando Varbella
Roberto Violini

LOCAL FACULTY

Carlo Trani
Francesco Burzotta
Mario Attilio Mazzari
Rocco Mongiardo
Antonio G. Rebuzzi
Antonino Buffon
Giampaolo Niccoli
Italo Porto
Antonio Maria Leone

SCIENTIFIC COORDINATORS

Maria De Vita
Antonio Maria Leone
Antonella Tommasino

INVASIVE IMAGING

Giampaolo Niccoli
Italo Porto

December 2, 2010

11.00-11.10 WELCOME TO OUR TRANSRADIAL CENTRE - F. Crea

OPENING LECTURE 1: No doubts, the radial is ready to change interventional cardiology - M. Hamon

11.10-13.30 TRANSRADIAL CORONARY SESSION: LEFT MAIN AND BIFURCATED LESIONS PCI

CHAIRPERSONS: A. Gallino, R. Violini
DISCUSSANTS: M. A. Mazzari, U. Limbruno, C. Pristipino, A. Sciahbasi

LECTURE 2: 6F and radial approach is the gold standard for bifurcated lesions! - Y. Louvard

Live case 1: Transradial unprotected LM - Y. Louvard, C. Trani, A. M. Leone

Live case 2: Transradial bifurcation - M. Hamon, F. Burzotta, I. Porto

13.30-14.30 BUFFET LUNCH

14.30-19.00 TRANSRADIAL PERIPHERAL SESSION: RADIAL APPROACH IN PERIPHERAL INTERVENTIONS

CHAIRPERSONS: G. Biamino, R. Gallino,
DISCUSSANTS: R. Mongiardo, F. Castriota, F. Tarantino, M. Galli

LECTURE 3: Radial is ready for peripheral interventions - C. Trani

Live case 3: Radial for the renal! - P. Commeau, F. Burzotta, M. De Vita

Live case 4: Radial for the carotid! - F. Castriota, C. Trani, A. Tommasino

LECTURE 4: Evolving techniques and approaches for below-the-knee interventions - P. Commeau

Live case 5: Radial for the lower limb! - C. Trani, F. Burzotta, A. Tommasino

Live case 6: Femoral for the lower limb! - G. Biamino, M. De Vita

December 3, 2010

08.30-13.30 TRANSRADIAL CORONARY SESSION: MULTIVESSEL DISEASE AND PREVIOUS CABG PATIENTS

CHAIRPERSONS: G. Pedrazzini, F. Tomai
DISCUSSANTS: M. A. Mazzari, E. Romagnoli, S. Rigattieri

LECTURE 5: Why and how OCT could help select target lesions for PCI - F. Prati

LECTURE 6: why and how OCT will help in the stent selection - G. Guagliumi

Live case 7: Transradial PCI in previous CABG - C. Trani, F. Burzotta, A. Tommasino

Live case 8: Transradial PCI in multivessel disease - A. Banning, I. Porto, G. Niccoli

LECTURE 7: Should we take care of periprocedural myonecrosis in multivessel disease? - A. Banning

Live case 9: Transradial PCI in multivessel disease - C. Trani, F. Burzotta, A. Tommasino

Live case 10: Transradial PCI in multivessel disease - B. Reimers, A. M. Leone, A. Buffon

LECTURE 8: Transradial multivessel PCI (an italian radialist view) - O. Valsecchi

13.30-14.30 BUFFET LUNCH

14.30-17.00 TRANSRADIAL CORONARY SESSION: CHRONIC TOTAL OCCLUSIONS

CHAIRPERSONS: G. Sardella, B. Reimers
DISCUSSANTS: R. Mongiardo, M. De Benedictis, F. Varbella, F. Summaria

LECTURE 9: Radial approach can be used for CTO! - F. Burzotta

Live case 11: CTO... always the femoral! - A. Galassi, G. Niccoli, A. Buffon

Live case 12: CTO... radial approach is not a limitation! - Y. Louvard, C. Trani, F. Burzotta

LECTURE 10: What should be imported and what should be left in japan - B. Reimers

THE **MEDICINES** COMPANY®

The program has been submitted for accreditation by the Italian Continuing Medical Education (ECM).
Participants who will benefit: Cardiologists
